

# Cannon Designer Light

Mfg. of LED Profile Light, Swimming Pool Light, LED Mirror or LED Pole Light & Bollards

# About us

At Cannon, we are passionate about creating unique and captivating lighting solutions that transform spaces. As a leading design company, we specialize in the creation of hanging and surface lights with a wide range of shapes and forms, including Drum, Hexagon, Triangle, Y shapes, and many more pre-defined shapes.

Our team of skilled designers and craftsmen work diligently to bring our clients' visions to life. We understand the importance of lighting in setting the right ambiance and enhancing the aesthetic appeal of any environment. That's why we constantly strive to innovate and push the boundaries of lighting design, offering our customers truly exceptional and customized lighting solutions.

What sets Cannon apart is our unwavering commitment to quality. We meticulously source the finest materials and employ cutting-edge manufacturing techniques to ensure that every light fixture we produce is of the highest caliber. Our attention to detail and dedication to craftsmanship result in lights that not only illuminate spaces but also serve as stunning artistic statements.

In addition to our extensive range of pre-defined shapes, we also welcome the opportunity to collaborate with our clients on custom lighting projects. Whether it's a unique shape, size, or even a completely original design concept, we love working closely with our clients to bring their ideas to fruition. Our experienced team is equipped to handle projects of any scale, from residential spaces to commercial establishments and everything in between.

## Our Vision

Our vision at Cannon is to be a pioneering force in the lighting industry, pushing the boundaries of design and innovation. We envision a world where lighting transcends its functional role and becomes an integral part of creating captivating and immersive spaces. Through our exceptional craftsmanship and unique shapes, we strive to inspire creativity, evoke emotion, and transform environments with our lighting solutions.

## Our Mission

Our vision at Cannon is to be a pioneering force in the lighting industry, pushing the boundaries of design and innovation. We envision a world where lighting transcends its functional role and becomes an integral part of creating captivating and immersive spaces. Through our exceptional craftsmanship and unique shapes, we strive to inspire creativity, evoke emotion, and transform environments with our lighting solutions.
